											P	PREPAR	ATION																						
1	Crew Call																									l							l		
	- Logistik & Operasional Team																																		
	- Runner																																		
2	Briefing																																		
	- Event Crew																																		
	- Vendor Crew																																		
3	Marking & Cable Management																																		
4	Loading In																																		
-	- Unloading Barang Vendor	-				1																													
						1																													
5	Pemasangan Struktur & Rigging	\vdash			_	1															-			 }											
\vdash	- Build up Panggung / Stage Platform - Rigging untuk Lighting, Screen	1				1									_			-																	
\vdash	- Rigging untuk Lighting, Screen - Penempatan Truss dan Pengait Safety	1				1									_			-																	
-	- renempatan muss dan Pengan Salety	1				1															1									 }					
6	Instalasi Peralatan Teknis					+								-							-	-			-									-	
-	- LED Screen	 			_	+		1																											
-	- Sound System (Speaker, Mixer, MIC, Monitor)	 			_	+		1																											
-	- Lighting Ring & Controller	1				1								-			-					-	-	-	-					- 1					
	- Broadcast Gear (Kamera, Switcher, Encoder)					1																													
	broadeast acar (namera, switcher, cheater)					1																								t					
7	Penarikan Kabel & Konektivitas	1				1																			-	t			- t			b	t		
	- Cable Routing (Audio, Listrik, Lighting, Internet)																													t					
	- Penandaan Kabel (Tufur, Power, DMC, Ethernet)																																		
	- Penggunaan Cable Ramp / Penutupan kabel untuk keamanan																																		
	,																																		•
8	Power Supply & Listrik																																		
	- Instalasi genset																																		
	- Penarikan Kabel Power																																		
	- Distribusi daya ke alat-alat																																		
9	Test & Safety Check																																		
	- Cek Sistem listrik & Koneksi (Tegangang, Stabilitas)																																		
	- Uji Alat Teknikal dasar (Nyala LED, Bunyi Speaker, Kontrol Lighting)					1																													
	- Safety Check semua struktur, kabel, rigging					1																													
10	Debensed					1												_			-														
10	Rehearsal	1				1	\vdash														1									 }					
10	Briefing Crew Teknis	1				1	\vdash														1									 }					
10	- Penjelasan Zona Kerja & Tanggung Jawab					1		\vdash							_								-+						-+						
-	- Koordinasi rundown pekerjaan selanjutnya	H		+		1															ł		- 												
-	- Distribusi HT																																		
												SHOW	/ DAY.
